

## DETOX

I take one hit of you  
Now I'm hooked on your presence  
Your toxins are powerful  
No match to my defense  
The damage is rapid  
I'm stagnant with no sense  
Time to cleanse my soul of you  
And meditate on your absence

EYE \* EYE

I naively look into your eyes and tell you I love you

You savagely look into mine and tell me your lies

The tears sting as they fall

My vision, blurred

No longer blinded by your beautifully crafted physique, I dry these eyes and say

FUCK YOU

The End

## HeadACHE

He's a headache  
A feeling I can't shake  
He make da kitty quake

The skies rumble  
I kind of stumble and my world crumbles

He's a headache  
A pain I can't shake  
But he make da kitty quake

So I get humble  
Until I tumble and the world crumbles

He's a headache  
Makes my body shake  
And da kitty quake

But the love is jumbled  
My heart fumbled and our world crumbled

He's my headache. Pills can't shake. I learn to fight the quakes.

Now your skies rumble  
Your pride tumbles

Yet you're not humbled

So you stumble

As your world crumbles

Now I'm your HEARTACHE

Reality that won't shake as your brain quakes

## MOOD

### A Short Story

I roll over and roll up. Craving a burn, I pass over the papers for a blunt. I'm in a mood again, I need to forget. The feeling is back, so I flick the BIC.

I get high to drain my thoughts of you.

I get high to numb the touch of you.

Sometimes I miss you. Most times I hate you.

I stay high to keep from seeing blues.

I stay high to keep from killing you.

THE END

Untitled

Blinded love bought us broken promises and burning tears that fall onto our bleeding hearts

## WINNING

If you loved me, you'd fight for me  
You wouldn't be content with losing me  
The thought would toss you into the ring and fight unlimited rounds

But then again, am I worth the fight?  
Do you feel like the hard work?  
The dedication and determination?

My love for you had no measure  
No words would do it justice  
All that I did for you were my merits of love

I did it because my heart said you deserved it  
Even through the times my mind said 'Nah'  
My heart won every fight, every round

Now, the gloves are off  
I'm quitting the next round  
The fight in me has died  
Along with the love I had for you

I'm leaving the ring  
I'm leaving you

YOU

Don't blame my attitude

Blame your actions

Don't blame my stubbornness

Blame your selfish ways

Don't blame my past

Blame your present

It's not me

It's you

You ruined You

Which ruined US
